

Relaxing while you are working or just working on relaxing?  
A fresh new way about Extended Stay... in Miramar, allowing you the  
freedom to be you.... Our Home2 Suites by Hilton Fort Lauderdale  
Miramar. Be Green!

### Just Opened!

At Home2, we want to change the way people think about extended stay travel. It's a fresh take on feeling at home on the road. Because when you think about things in a fresh new way, it can make every day feel a little less every day. So, we asked ourselves... "what are some other things that could benefit from some fresh thinking?"

### **It's your Home2**

Our stylish studio suites and one-bedroom suites provide the perfect floor plans when you stay a night, week or even a whole season. Our one-bedroom suites include everything featured in our studio suites plus more square footage, a dining table with chairs, and a door to separate the sleeping space from the living areas.

### **Full-Size Everything**

All our kitchens include a full-size, energy efficient refrigerator/freezer, microwave, sink and dishwasher. Plus, what kitchen would be complete without a toaster, microwavable cookware and cooking utensils?  
We have it all!
